

Privacy and Security

Confidentiality, protection and other related issues of the information provided by our customers to our fasttourismtransfer.com site has been adopted in the Privacy Policy, the current rules of which are stated below.

The personal information you provide while becoming a member of fasttourismtransfer.com will never be shared with third parties or companies outside of FAST TOURISM TRANSFER. fasttourismtransfer.com can send e-mails to its customers about discounts, campaigns and innovations.

Fasttourismtransfer.com uses the international standard 128/256 bit SSL (Secure Sockets Layer) to create reservations. In this way, your credit card information is encrypted and sent to the virtual POS (VPOS - Virtual Point Of Sale) of the relevant bank/institution and is prevented from being seen by third parties.

The credit card information used to create a reservation is not kept on our servers. During the reservation creation stages, the lock picture in the lower right, upper right or upper left corner of your internet browser (Browser) shows that this page is encrypted with SSL and when clicked on it indicates which company the encryption belongs to. fasttourismtransfer.com uses

IP addresses of computers are recorded for security purposes (forgery, stolen credit card, etc.) for purchases made through fasttourismtransfer.com.

After the virtual pos (VPOS) system of the relevant bank/institution gives the provision approval for the shopping you will make with your credit card, the security department is contacted and the verification is done. If necessary, fasttourismtransfer.com customer representatives can call the credit card holder and request an order confirmation.

The contact information provided by our customers during reservation creation can be stored and used at Fast Tourism Transfer for various promotions, advertisements, promotions, communication, SMS and email sending, sales and carding applications. By approving this information, the customer is deemed to have given permission for various promotion, advertisement, promotion, sales and marketing purposes related to all kinds of products and services, as well as sending SMS, push notification, customer calls, and e-mails for credit card and membership information, transactions and applications.

If for any reason you want to stop the incoming communication about Fast Tourism Transfer, you can easily unsubscribe from the membership system via SMS and email channels.

Customers can request free written information to find out what information is stored about them on fasttourismtransfer.com. Your requests for possible corrections, blocking or deletion of information are processed immediately to the extent required by law. If you have any other questions you want to ask Fast Tourism Transfer about the protection and security of information, you can always contact us using our e-mail address.
